2. The Cartographers

What is the purpose of a map? Nell Young's whole life and greatest passion is cartography. Her father, Dr. Daniel Young, is a legend in the field and Nell's personal hero. But she hasn't seen or spoken to him ever since he cruelly fired her and destroyed her reputation after an argument over an old, cheap gas station highway map. But when Dr. Young is found dead in his office [...more](#)

The Batman is a 2022 American superhero film based on the DC Comics character Batman. Produced by DC Films, 6th & Idaho, and Dylan Clark Productions, and distributed by Warner Bros. Pictures, it is a reboot of the Batman film franchise. The film was directed by Matt Reeves, who wrote the screenplay with Peter Craig. It stars Robert Pattinson as Bruce Wayne / Batman alongside Zoë Kravitz, Paul Dano, Jeffrey Wright, John Turturro, Peter Sarsgaard, Andy Serkis, and Colin Farrell. The film sees Batman, who has been fighting crime in Gotham City for two years, uncover corruption while pursuing the Riddler (Dano), a serial killer who targets Gotham's elite. Development began after Ben Affleck was cast as Batman in the DC Extended Universe (DCEU) in 2013. Affleck signed on to direct, produce, co-write, and star in The Batman, but had reservations about the project and dropped out. Reeves took over and reworked the story, removing the DCEU connections. He sought to explore Batman's detective side more than previous films, drawing inspiration from the films of Alfred Hitchcock and the New Hollywood era, and comics such as "Year One" (1987), The Long Halloween (1996–97), and Echo (2000). Pattinson was cast in May 2019, with further casting in late 2019. Principal photography took place in the UK and Chicago between January 2020 and March 2021. The Batman premiered at Lincoln Center in New York on March 1, 2022, and was theatrically released worldwide on March 4. It was delayed twice from an initial June 2021 release date due to the COVID-19 pandemic.

Death on the Nile is a 2022 mystery film directed by Kenneth Branagh from a screenplay by Michael Green, based on the 1937 novel of the same name by Agatha Christie. It was produced by Branagh, Ridley Scott, Judy Hoffland, and Kevin J. Walsh. The film is a sequel to Murder on the Orient Express (2017), Tom Bateman and Branagh returning from the first film as Bouc and Hercule Poirot, respectively. The film also stars Annette Bening, Russell Brand, Ali Fazal, Dawn French, Gal Gadot, Armie Hammer, Rose Leslie, Emma Mackey, Sophie Okonedo, Jennifer Saunders, and Letitia Wright. The film is the third screen adaptation of Christie's novel, following the 1978 film and an episode of the television series Agatha Christie's Poirot broadcast in 2004. Principal photography began in September 2019, with filming taking place at Longcross Studios in England, completing that December. Death on the Nile was first released in several international markets on February 9, 2022, and in the United Kingdom and the United States on February 11, following several delays due to the COVID-19 pandemic. The film received mixed reviews from critics, who perceived it as being inferior to the previous adaptations but appreciated its old-fashioned style. The film has grossed \$131 million against a production budget of \$90 million. A sequel is in development.
